- Participated in a **Debate competition** in the last year of graduation in which the topic was “**Girls are stronger than Boys**”. This helps in spreading a kind of awareness to people who think boys are stronger which is a wrong assumption.
- Participated in **Mock Stock** in 2022 which was held during accelaron which was a kind of annual fest organized by our university in which I had a great experience in stock trading where I did the valuation of a company and decision-making of investing money in 3 different companies.
