Worked with **MAKE A DIFFERENCE (Non-Profit Organisation)** as a Science/Maths teacher, my duties were to interact with kids and make them understand any topic in a way which is interactive and interesting in nature. My goal was to keep an eye on each and every student and cater them with something which is easy to grasp and a fun way of learning.

#### **Mentor (2016-2017)**

Worked in the same **NON PROFIT ORGANISATION** as a mentor, I had to recruit potential volunteers. Also my aim was to focus on the basic needs of students as well as teachers in a shelter home for the smooth conduct of the classes.
