PROJECTS

Housing Society Management System

Society Management System is software which is helpful for chairman as well as the society members. In the current system all the activities are done manually. It is very time

consuming and costly. Our Society Management System deals with the various activities related to the Society.

There are mainly 3 users in this software

Admin

Society Member

Security Person

Administrator has the power to add, search and can edit the record. A

Member can put

complain or search record. The security can register visitors as well as search member.

ACHIEVEMENTS & AWARDS

In 2017, I have participated in the global dance festival held in Prague, Czech Republic where we secured first place in group dance and best costumes
