- **Project Title:** AMC-Multifarious e-Seva.
- **Duration:** 6 Months.

EXPERIENCE

- **Role:** Junior Quality Analyst Trainee.
- **Company:** WebDesk Solution Private Limited
- **Duration:** 2 Months.

MAJOR PROJECTS

- AMC-Multifarious e-Seva.
- Details:- During my internship period I made a website as well as android application for Ahmedabad Municipal Corporation (AMC) in which user has to report the complain like potholes on road, street light not working, garbage collected other than reported place, wandering animals, etc. According to the complain area ward and zone will be allocated to the amc officer and will try best to solve the problem, once the problem is solved the photo of completion with date and time will be sent to the user. User can also file a complain against amc officer and can also give suggestion and feedback for the same.
- Banking Pension.
- Details:- As the name suggest the project is about pension, the project was very simple in terms of understanding and usability for the users, it was mainly used for calculating pension and deliver to the client only in cases where the pensioner cannot come to bank for picking up the pension, has accident or major injuries. The project also included certain forms for the family for whom the eligible pensioner is dead or alive, for the security reasons.
- NGO (Non-Profit Organization).
- Details:- This was mainly a website which was specially targeted to the food waste in wedding ceremony, birthday's parties, etc. if the food is left over which is obvious in the following occasions they contact us through the website and the volunteers gathered the edibles and completely donated to the slums and needy people.
