- Have experties in designing the following frameworks:
 - 1) Data-Driven Framework
 - 2) Hybrid Framework
 - 3) Modularity Framework
 - 4) Cucumber BDD Framework
 - 5) Keyword Driven Framework

PROJECT 1

Aug '19 - Nov '20

William Blair's investment

Client: William Blair (US)

This project refers to building enduring expertise and solutions to meet their evolving needs. It works closely with private and public pension funds, insurance companies, endowments, foundations and sovereign wealth funds, as well as financial advisors. We are 100% active employee-owned with broad-based ownership. Our investment teams are solely focused on active management and employ disciplined, analytical research processes across a wide range of strategies, including equity, non equity, fixed income, and multi-asset.

PROJECT 2

Nov '20 - Present

BLUIQ

Client: BluLogix (US)

BLUIQ helps businesses in the digital economy frustrated with billing, aggregate data to automatic processes, generate new customer intelligence and revolutionize growth. Founded as BluLogix in 2013, the BLUIQ platform offers the only true multi-tenant organization as SaaS billing solution in the market. Our proprietary data-enrichment engine has helped 100+ companies get beyond billing and focus on identifying value-aligned relationship and revenue opportunities.

Education

Sant Gadge Baba Amravati University

Bachelor of Engineering (Mechanical)

Passing Year: 2019

CGPA: 8.26
