# DHARMIK AGHERA

Technical Engineer [Hardware & Software]

## EDUCATION

### A-One School Satellite

2006 - 2021

While in school I was bronze medalist in field of science and technology. I even won 'National Science Olympiad' where I was ranked 3<sup>rd</sup> in Gujarat and 300<sup>th</sup> in India level.

## WORK EXPERIENCE

### Amazon (New York) [Technical Support Engineer- Non-Independent Employee from India]

March 2020 – July 2020 (5 months)

Handling customers mainly from Europe and giving assistance to them. They were from countries like France, Spain, Germany, Holland, Denmark, Paris, Puerto Rico, Portland and so on. Experience which I got from that company was good and satisfactory. My work was to providing assistance related to software diagnosis, software installation, hardware installation and issues related to basic input output system it includes CPU, RAM, Graphics and so on. Mainly I was working for windows and mac OS. Further I was working as marketing official for amazon products.

## FREELANCE SUPPORT ENGINEER

July 2020-Present

## FAMILIAR LANGUAGES

English

## SKILLS

Microsoft office, online marketing, customer relationship management, CAD(Basic), Hardware diagnostics, Software diagnostics, BIOS system of computer, Data management and so on. Further I keep myself busy in doing in-depth research on Quantum Technology so that we can design most compact and most powerful CPUs which can gear-up existing computer processes and threading at the same time. I am writing article on Psychology under the assistance of one of the finest and renowned Psychologist of the world from Massachusetts Institute of Technology Prof. Dr John Gabrielli (PhD neuroscience). Before 2 years I have worked as lecturer at Ahmedabad Management Association given lecture to students on Philosophy of Young Minds.
