Career Objective

Challenging new project opportunities where I can contribute my talents to a successful team and to further my knowledge in Mechanical Engineering in Construction & Project co-ordination for the development of Organisation and myself.

- ❖ Highly motivated, goal oriented and efficient professional with **11 years** of experience in Oil & Gas Construction Project Management, Fabrication, Erection, Commissioning.
- ❖ Presently associated with **JSC "OGCC KazStroyService (3GP/WPMP Project Tengiz, Atyrau) As MECHANICAL ENGINEER (EQUIPMENT COMPLETION & PRESERVATION)**
- ❖ Executed prestigious projects with expertise in multidimensional execution of projects for multiple clients along with optimising resource utilisation.
- ❖ Proficient with present construction methodologies, systems in compliance with quality standards.
- ❖ Proven ability to build effective and productive working relationships with clients, contractors as well as design team members.
- ❖ Good experience in Standards like ASME, ANSI, Mechanical and Piping area in terms of Design and Materials selection at site.
- ❖ Handled multidisciplinary task like Fabrication/Erection/Alignment/Insulation/Refractory/ Hydro & Pneumatic testing/Box up/Pre commissioning activities.
- ❖ Execution of assigned task with full safety and Quality standards.

Work Experience

1. JSC "OGCC KazStroyService , Kazakhstan as **Mechanical Engineer (Equipment completion & Preservation).** Form 15th March 2021- Till date
2. Onshore Construction LLC, Nigeria as **Equipment Engineer.** From 24th March 2019 to 31st Dec 2020
3. Reliance Industries Limited, Jamnagar as **Construction Engineer - Mechanical.** From 1st April 2014 to 31st Dec'2018.
4. Metal Crafts Constructors Pvt. Ltd., Pune as **Fabrication Engineer.** From 25th May 2011 to 31st Mar'2014.

Projects Executed

❖ JSC "OGCC KazStroyService .Kazakhstan (15th Mar 2021 – till date)

✚ TCO 3GP WPMP Project, Kazakhstan.

Role: **Mechanical Engineer - Equipment Completion**

Responsibilities:

- General Equipment installation – Static(Column,Vessels,Exchanger,Drum, Tank) & Rotary (Pumps, Compressor, Turbine)
- Heater Installation & Heater piping works.
- Derrick Flare Stack Installation.
- Refractory/Fire proofing & Insulation for Equipment's.
- HVAC installation with Ducting and Insulation.
- **Equipment preservation** as per TCO Clearance sheet.
- Preparation of daily, weekly, monthly preservation schedule and execution.
- **Internal inspections/Borescoping of pumps/vessels/columns/exchangers.**
- **Pipeline Fogging preservation activity.**
- **Bolting & valve preservation as per CL sheet.**
- Planning, Execution the entire Mechanical Equipment's erection, Inspection, Alignment and co-ordination as per GAD.
- **Column Internals tray work completion of Stripper Column.**
- Insulation of Columns/Vessels/Exchangers.

❖ DRPP (Dangote Refinery & Petrochemical Project) Nigeria (24th Mar 2019 – 31st Dec 2020)

✚ DRPP (Dangote Refinery & Petrochemical Project), Nigeria

Role: **Equipment Engineer**

Responsibilities:

- Lifting plan preparation, Erection, Alignment, Grouting of Static & Rotary Equipment's of various units (SRU, PPU, Alkylation, Butamer, HGU) also **SRU Silo building Conveyor erection** & commissioning.
- Erected **213 Tons Acid wash Coalescar** at Alkylation Unit using 800T Crane.
- **Column Internals** work for SRU unit.

❖ Reliance J3 Project, Jamnagar (1st April 2014 – 31st Dec 2018)

✚ Reliance J3 Project , Jamnagar

Role: **Construction Engineer - Mechanical**

Responsibilities:

- Fabrication, Erection, Testing of **48” Desal water line (Both AG & UG)** at Reliance MTF in given time frame.
- Test pack & LHS preparation/Hydro testing.
- Erection, Alignment (without & with piping) Grouting of **8 Booster pumps** at SWRO (Sea Water reverse Osmosis) project & UF (Ultra Filtration Building at MTF.
- Piping Insulation work & inspection.
- Completion of 8km (AG & UG) 48” Desal water line from Jetty to MTF battery limit in before schedule time.

❖ **Metal Crafts Constructors Pvt Ltd, (25st May 2011 – 31st March 2014)**

Role: Fabrication Engineer

Responsibilities:

- Fabrication /NDT Co-ordination/ Testing of Piping spools as per given ISO.
- Painting / Wrapping/ Coating (Both Internal & External) of piping spools.

Academia

⊙ **Bachelor in Mechanical Engineering from University of Pune in 2011 with 1st Class.**

Personal Dossier

Father Name **Late. Shri Sarju Singh**

Date of Birth: 22nd July 1986

Communication Address: Flat No 5, Shantinath Apt, Sadguru Colony, Jamnagar, Gujrat-361002, India

Permanent Address: H. No.-519, Adarsh Colony, Ward No 7, Aurangabad, Bihar-824101, India.

Passport No.: **Z4142519 (Valid up to 13th Aug 2027)**

Marital Status: Married

Strengths: Hard working/Result oriented/Good Listener

Hobbies: Exploring places, Watching movies, Football

Date:

DHARMENDRA SINGH

Place:

Mechanical Engineer
